

1.A legjobb- munkákból összeállított tanmentek képei

A következőkben megpróbálom bemutatni, hogyan nézne ki képes tanmenetünk, ha a legjobb, illetve ha a leggyengébb tanulói munkákkal illusztrálnánk. Persze a válogatás esetleges, a szabad témafeldolgozások órát pedig egyelőre csak egyetlen munka képviseli, és az órák választható feladatai is ritkásan szerepelnek.
